NOTICE OF PROPOSED ACTION  
PUBLIC NOTICE

The Administrator, Division of Environmental Protection, Department of Conservation and Natural Resources, Carson City, Nevada is issuing the following notice of proposed action under the authority of the Nevada Revised Statutes, the Nevada Administrative Code, and the Safe Drinking Water Act.

The Administrator has received an application for an Underground Injection Control (UIC) permit, which has been drafted for public comment. Permit #UNEV2005201 has been applied for by the following applicant:

Shell Oil Products US  
20945 South Wilmington Avenue  
Carson, California 90810

The applicant has submitted an application for an UIC permit associated with the Former Shell Service Station, 130 West Plumb Lane, Reno, Nevada. The application is in response to the past release of petroleum hydrocarbons from the above-mentioned facility. The applicant proposes to initiate remediation efforts utilizing the injection of industrial grade pure oxygen gas by iSOC technology into the groundwater. The injectate should facilitate the biodegradation of the petroleum hydrocarbon contamination. Monitoring at the facility will be required to ensure that groundwater is not degraded.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes, the Nevada Administrative Code, and the Safe Drinking Water Act, and implementing regulations, the Administrator proposes to issue permit UNEV2005201 as stated above.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance or to request a hearing pursuant to Nevada Administrative Code, Water Pollution Control, should submit their comments or request in writing by February 10, 2005 either in person or by mail to:

Attn: [Becky Linvill](#)  
Division of Environmental Protection  
Bureau of Water Pollution Control

333 West Nye Lane, Room 129  
Carson City, NV 89706-0851  
(blinvill@ndep.nv.gov)

All comments or objections received within thirty days of newspaper publication will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty days prior to the hearing date.

The application, draft permit, comments received, and other information are on file and may be copied at the office of the Division of Environmental Protection, or copies may be obtained by writing to the above address or by calling Becky Linvill of the Bureau of Water Pollution Control at (775) 687-9503.

Please bring the foregoing notice to the attention of all persons whom you know would be interested in this matter.
